

ARYA AMORIYA

Full-Stack Developer | Generative AI Applications | DSA & Problem Solving

Noida, India | aryaamoriya@gmail.com | 9625070811 | [LinkedIn](#) | [GitHub](#) | [LeetCode](#)

OBJECTIVE

Full-stack developer with hands-on MERN, Next.js, and generative-AI integration experience across four shipped, production-deployed projects, seeking a Full Stack / AI-Applications Intern role to build and scale real-world web applications. Comfortable across React front ends, Node/Express REST APIs, and both MongoDB and PostgreSQL, with a fast learning curve for new frameworks and tools (FastAPI, Neo4j, Redis, Celery, RabbitMQ).

EDUCATION

Galgotias University — Bachelor of Technology, Computer Science Engineering (AI-ML) | CGPA: 7.95 | 2027

Senior Secondary – Modern School (CBSE) | 86% | 2023

Matriculation – Modern School (CBSE) | 96% | 2021

SKILLS

Languages: Java, JavaScript, TypeScript

Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, REST APIs, Prisma ORM

Database: MongoDB, MySQL, PostgreSQL, Neon

Auth & AI Integration: JWT, Clerk, Google Gemini API

Tools & Platforms: Git, GitHub, Postman, Vercel, Render, Netlify

Core CS: DSA (159+ problems solved on LeetCode), OOP, DBMS

Currently Learning: FastAPI / Flask, Neo4j, Redis, Celery, RabbitMQ

MAJOR PROJECTS

CareerPilot AI | *Next.js, TypeScript, Prisma, PostgreSQL (Neon), Clerk, Google Gemini AI* [GitHub](#) | [Live Demo](#)

- Built a full-stack AI career-intelligence platform where authenticated users upload PDF resumes and receive structured Gemini-generated insights — ATS score, strengths/weaknesses, skill-gap analysis, salary predictions, and personalized learning roadmaps.
- Implemented secure Clerk-based authentication and PDF processing on Next.js server-side API routes, persisting per-user analysis history via Prisma ORM on a Neon PostgreSQL database with full CRUD functionality.
- Designed dynamic dashboards for reviewing past analyses, connecting frontend, backend, external AI services, auth, and database into one production-deployed SaaS-style app on Vercel.

HistoryCast AI | *Next.js 15, TypeScript, Prisma, PostgreSQL, Gemini API* [GitHub](#)

- Built an AI-powered app that generates moderated debates between historical figures on modern topics using Google Gemini, with an AI moderator guiding each discussion.
- Architected on Next.js 15 App Router with TypeScript and REST API routes; persisted every transcript to PostgreSQL via Prisma ORM for history browsing, replay, and deletion, with speech-synthesis playback across a responsive Tailwind UI.

AI Startup Validator | *MERN Stack, JWT, Gemini API* [GitHub](#)

- Developed a full-stack MERN app that lets entrepreneurs submit startup ideas and receive AI-generated evaluations — score, market potential, scalability, revenue suggestions, and risk analysis — via the Gemini API.
- Built secure JWT + bcrypt authentication and a MongoDB/Mongoose dashboard for viewing, revisiting, and deleting past analyses; deployed frontend on Vercel, backend on Render.

Movie Mania | *React + Vite, React Router, TMDB API* [GitHub](#)

- Built a real-time movie discovery app using the TMDB API with an "Interested" watchlist feature (heart-icon add, dedicated review page) across a Vite-powered React 18 frontend.

Additional Project — Anime-Recommendation Platform (MERN, JWT, REST APIs): full-stack anime web app with authentication, watchlist management, and personalized recommendations. [GitHub](#)

LEADERSHIP & EXPERIENCE

Outreach Lead – Women in Engineering, IEEE Student Branch

Led external communications, partnerships, and outreach initiatives; managed promotions, event visibility, and stakeholder relationships.

Event Coordinator – AICSSYC 2024 (in collaboration with IIT Kanpur & IEEE UP Section)

Spearheaded planning, promotions, and execution of a large-scale technical conference.

ACHIEVEMENTS

- Outreach Lead – Women in Engineering, IEEE Student Branch, Galgotias University.
- English Subject Topper – CBSE Board (2022).

CERTIFICATIONS

- Research Intern – SaptKrishi Scientific Pvt. Ltd.: completed a 45-day Research Internship (started 4 Nov 2024). [Certificate](#)
